Funded hours at Davey Day Care's

At **Davey Day Care**, we believe in being **open and transparent** about how government-funded childcare works and what is included.

Prior to children entering school, 95% of their brain has already developed! At Davey Day Care, "Quality Childcare" is the core of our philosophy for early years education.

We offer two service options. "**Basic package**" where you would opt **OUT** of paying a consumable charge and "**Exclusive package**" where you would opt **IN** to paying a consumable charge.

We strongly believe that early years education should be rich, engaging, and full of real-world experiences. To go beyond the basics and provide the quality of care and learning we are proud of, we offer an enhanced provision—which costs more to deliver than government funding provides.

Nursery funding – It's Your Choice

At Davey Day Care, we have always covered the cost of our enhanced provision through a charge called the "Non-Funded EYFS Hour." This meant we could only offer up to 9 hours of funded care per day.

We are now moving to a new consumables charge system, giving parents the choice to opt in for our **Exclusive Package** or opt out for our **Basic Package**.

This change will also allow us to extend the funded care we can offer, to 10 hours per day.

Our goal is to continue providing funded places, but this is only sustainable if parents understand why we charge a daily funded session consumable fee and choose to continue paying it — as they have been since we opened.

We know our parents choose Davey Day Care because they want their children to benefit from the full experience we offer.

By introducing a daily funded session consumable fee for those accessing our **Exclusive** provision, we can continue to deliver the exceptional care and learning opportunities that we are proud to be known for.

The Government Statutory Guidance states that:

"The funding is intended to cover the cost of delivering the childcare place itself, including:

- Staff wages
- Premises
- Basic learning resources
- Activities required to meet the Early Years Foundation Stage (EYFS) framework

What the Funding Does Not Cover

The guidance explicitly states that the funding does not cover the cost of consumables."

Opt-Out – "Basic Package"

Parents who choose to **opt-out** will receive:

- Everything included in our **Basic Package**
- Access to the **EYFS provision** as funded by the government
- Their **funded hours** completely free of charge

Important Information About Opting Out

By opting out, parents agree to take full responsibility for providing certain items and services, as outlined below:

✧ **Meals & Snacks:**

If food provided does not meet our policy requirements, we will ask you to return with a suitable alternative before your child can eat.

If these items run out and we have notified you, you will be required to return promptly with the necessary supplies.

Making the best of your Funded Hours!

If your term time only - 38 weeks of the year!

As per the government legislation, children can receive 15 hours funding over a 38 week period, the term after they turn 3 (15hrs x 38 weeks = 570 hours per year) This is called **Universal hours**

Parents can apply for **Extended Funding** starting from the **term after their child turns 9 months old**. This funding combines the **Universal entitlement** with an additional **15 hours of Extended Funding**, giving a total of **30 hours per week** over a **38-week period** (term-time).

How it works:

- **Universal Funding:** 15 hours x 38 weeks = **570 hours per year**
- **Extended Funding:** 15 hours x 38 weeks = **570 hours per year**
- **Total Funding:** 570 + 570 = **1,140 hours per year**

Please note: Extended Funding is **subject to eligibility criteria** set by the government. This allows families to access **additional funded childcare**, supporting both your child’s learning and your family’s childcare needs.

At Davey Day Care (DDC), families can choose between our Exclusive Package and Basic Package.

- If you opt for the Exclusive Package, all meals and snacks are provided by us.
- If you opt for the Basic Package, you will be required to bring a packed lunch to cover snack, lunch and tea for your child, following our strict Food Policy (see page ___ for full details).

To ensure the health and safety of all children, any lunch that does not meet our Food Policy requirements must be replaced.

If this happens, you will be asked to return with an alternative meal before lunchtime.

If I Pay for Extra Hours and Don't Use Them, Can I Be Refunded?

Unfortunately, we are unable to offer refunds for unused hours.

This is because we must cover our running costs and staffing to ensure we can continue providing high-quality care for every child at DDC.

Can I Roll Over My Funded Hours Into the Next Term?

Unfortunately, we are unable to roll over funded hours due to local authority regulations.

However, we can stretch your child's funding within the current term to make the most of their entitlement.

When Will My Child Receive Their Funding, and Will My Invoice/Fees Go Down?

At Davey Day Care (DDC), we calculate your child's fees in advance, taking into account any funding they are entitled to for the funding year, which runs from April to March.

The total funding is applied and included within your overall fee calculation.

We then divide this amount equally across the year, so your monthly invoice stays the same.

This means there won't be changes to your invoice when funding starts, as it has already been incorporated into your fees from the beginning.

Changes to Your Circumstances

If your personal circumstances change and you are no longer eligible for funding, we will:

- Provide you with a settlement figure, and
- Recalculate your fees based on your updated funding status.

This ensures that your account remains accurate and up to date.

Do I Have to Pay for Bank Holidays If They Fall on a Day My Child Attends? Can Funding Be Applied to Bank Holidays, or Are They Charged at Full Price?

Yes, bank holidays are fully chargeable, even if they fall on a day your child normally attends.

In line with government legislation, funding cannot be applied to bank holidays, and full fees will apply.

Your Questions Continued!

Why Am I Still Paying Fees in August When My Child Attends Term-Time Only?

For term-time only children, fees are calculated based on 38 weeks per year.

To make payments easier and more manageable, we spread the total cost evenly across 12 months (April to March). This means your monthly invoice remains the same, even during school holidays, such as August, when your child may not be attending.

Can I Use Funding for Additional Ad-Hoc Days or Hours?

No, funding can only be applied to your child's regular booked sessions. Any extra ad-hoc days or hours will be charged at our standard rate and cannot be covered by funding.

Why Are Bank Holidays Chargeable?

Bank holidays are fully chargeable because our running costs remain the same, even when the nursery is closed.

This includes essential expenses such as:

- Building and utility costs – rent, electricity, and maintenance continue regardless of closure
- Resources and equipment – ensuring everything is ready for children when they return

In addition, government funding cannot be applied to bank holidays under national regulations, meaning these days must be charged at full price.

By keeping these charges consistent, we can continue to provide high-quality care and education for all children throughout the year.

Does My Child Need a Water or Milk Bottle?

No, you do not need to send your child with a water or milk bottle. At Davey Day Care, we provide:

- Water bottles for all children throughout the day
- Tommee Tippee and MAAM milk bottles for feeding

To promote healthy habits, we do not allow flavoured water, squash, or other sweetened drinks in the nursery.

I've Missed the Deadline to Apply for My Eligibility Code — Can My Child Still Be Funded?

Eligibility codes only provide funding from the term after you apply.

If you miss the deadline — which falls on the last day of **March, August, and December** — we won't be able to access the funded hours until the following term. If your child is aged 3 or above, you are still entitled to 15 universal funded hours, regardless of whether parents are working.

To remain eligible for 30 hours of funding, HMRC will prompt you to reconfirm your code before the start of a new term. It's important to do this on time to avoid delays in accessing your funding. Once you have your code, please email it to us at:  daveydaycare@yahoo.co.uk We will then check it with the local authority and confirm your child's funded place.

I'm Planning to Take My Child on Holiday — How Will This Affect Funded Childcare?

If your child will be away for up to two weeks, this is usually fine, but we kindly ask that you give as much notice as possible so we can plan accordingly.

If your holiday will be longer than two weeks, please speak to the Manager at Davey Day Care.

We will need to check with the local authority to confirm whether your child's funding can continue during this period.

Your Questions Continued!

How Much Notice Do You Require to Change My Child's Hours at Nursery?

As stated in our Terms and Conditions, we require 4 weeks' notice for any changes to your child's agreed booking plan. If your child receives funding and you give notice midway through a month, the change cannot take effect immediately. Instead, it will be applied from the start of the following whole month, after the 4-week notice period has ended. This process ensures that funding allocations remain accurate and that we can plan our staffing and resources effectively.

Can I Change Between the Basic and Exclusive Packages, and How Much Notice Is Required?

Yes, you can switch between the Basic Package and the Exclusive Package at any time. We require 4 weeks' notice for any changes to ensure we can plan staffing, resources, and funding allocations effectively.

What Is the National Guidance on Staff-to-Child Ratios?

At Davey Day Care, we follow the national guidelines for staffing ratios to ensure children are safe, well-supported, and receive high-quality care.

The required ratios are:

- Under 2 years old: 1 adult to 3 children
- Ages 2 to 3 years: 1 adult to 5 children
- Ages 3 years and above: 1 adult to 8 children

These ratios are set by the government to ensure that every child receives appropriate attention, care, and supervision at all times.

Can I Use My Funding Across Two Settings?

Yes, you can split your child's funded hours between two different settings, as allowed under current government guidelines.

However, there are a few important points to be aware of:

- Both Setting must provide the same type of funding either stretched or term time only
- Communication Between Settings: You must inform both settings about how you plan to split the funding, so we can correctly record and claim the appropriate number of hours for your child.

Do I Need to Label My Child's Clothes and Shoes?

Yes, please ensure that all clothes and shoes are clearly labelled with your child's name.

Your child's bag can remain at nursery. We will send it home if:

- Any spare clothes from the bag are used, or
- The season changes and more appropriate clothing is needed.

This helps us keep your child's belongings safe and organised.

Can My Child Bring Toys to the Setting?

No, children should not bring personal toys to nursery. Toys can:

- Get broken or lost
- Cause a choking hazard to other children
- Upset children if items go missing or are damaged

Exceptions:

- If your child needs a comforter, blanket, or soft item, please:
 - Label it clearly with their name
 - Inform a member of staff that it is in their bag
- If toys are brought in specifically for a project, please:
 - Label them clearly
 - Keep them in a separate bag

This ensures children's belongings are safe and organised, and all children can enjoy a secure environment.
